

## REMARKS

In the replaced sheet 1 of the formal drawings, reference number 52 has been deleted due to a typographical error. Both reference numbers 52 and 25 referred to the top surface of the bond layer; hence, there is no need for reference number 52.

The amendment to the drawing is fully supported by the Specification, Claims as originally filed, and Drawings. No new matter is being added. Entry of the amendment is respectfully requested.

Should the Examiner have any questions regarding the above amendments or remarks, the Examiner is requested to telephone Applicant's representative at the number listed below.

Respectfully submitted,
